Operating costs will come from proceeds generated both from movie ticket sales and sales from the concession stand.

The Magick Lantern

In our little village of Point Richmond, we had a movie theater known as “**The Magick Lantern**” that has since closed its doors. The theater brought marvelous artistic and quality films to our community.

Since then, a core group of residents has rallied to resurrect this theater. We have formed a non-profit corporation. We need your donations and memberships for start-up costs such as theater seats, screen, projector, Blu-Ray DVD players, amplifier, snack bar, license fees, film rentals, plus other incidentals.

The **Magick Lantern** is a Cinema Art organization that operates to benefit the community through education, discussion, and showing of films ranging across many cultures, countries and subject matters. We also plan to have a Saturday matinee specially for children.

Your financial support will help us with start-up purchases needed to re-open. Your generous contribution today enables **The Magick Lantern** Cinema to enhance the arts and culture in Point Richmond

Each donor will receive a letter from **The Magick Lantern** as a qualified non-profit for which your donation is considered tax-deductible.
